- **Celebrations & Festivals:**

We, the Indians are well known to the world for our unity in diversity. Unfortunately there has been a spate of disturbing instances in India which undermine our cherished values. Religious intolerance has contributed a lot in the recent past to sow seeds of discord among us. In an attempt to instill among the young minds the importance of religious tolerance and to inspire patriotic sensibilities SVM has envisioned as its primary task to utilize every occasion that would build them up. So, in the school campus all the Religious festivals and National Celebrations are celebrated grandly in its meaningful traditional way. This facilitates our students to understand and appreciate all religions as they are different ways to live in harmony.
